How Much? The class costs will be equally split between all participants, and are expected to be \$375 to \$460, with materials, and tools provided by each student.

Improve your skills

in this fun, 3-day class. Add interest to your jewelry designs with surface texture, volume, and layers. Emphasis is placed on planning and finishing techniques in order to achieve a more professional look. You will learn easy soldering and riveting tips, how to incorporate found materials or beads, how to create a rich surface on copper and silver, and how to use commercial findings or make your own. You will leave with several finished pieces including a brooch. All skill levels are welcome to join us.

This is not a lampworking class, but a jewelry fabrication class.

This class is for all skill levels.

Come join the fun. For more information, contact Christie at cdwarlick@yahoo.com or Tina at tjulich@hotmail.com.
